- 28 BOXXes
- 30 Auto Assist and Office Organiser

Manufactured in Germany, Sortimo's high-quality products are distributed in 40 countries worldwide.

Sortimo Ireland has been serving the Irish market for more than 20 years, establishing strong, long-term partnerships with major companies such as ESB, Eir, Jungheinrich, An Post, and NI Water.

In addition to working with local partners, Sortimo Ireland collaborates with PDI centers to fulfill large contracts, ensuring that innovative racking solutions reach customers throughout the country.

Sortimo Ireland have partnered with Bosch, Gedore, and Fischer to manufacture storage BOXXes for their power tools, which are fully compatible with all Sortimo vehicle racking systems.

*Organised for every journey,
ready for any load*

SAFETY & QUALITY

Play-It-Safe with Sortimo

At Sortimo, safety is our top priority. Our products are engineered to meet the highest quality standards. This commitment to quality ensures the long-term reliability and durability of our systems, giving you the confidence to trust Sortimo solutions, no matter the challenge.

Superior load securing with ProSafe Technology

Our cutting-edge ProSafe technology is seamlessly integrated into the our racking systems, offering an **innovative and convenient method to safely secure your cargo**. Whether you're transporting fragile equipment or heavy materials, ProSafe ensures your load remains firmly in place. Once correctly loaded, Sortimo systems maintains their structural integrity, protecting both your cargo and your vehicle in the event of sudden impacts or accidents. With Sortimo, you can **trust that your cargo is always secure**, no matter the road ahead.

Unmatched crash testing for maximum safety

Safety isn't just a feature - **it's a promise**. Sortimo subjects all of our equipment to rigorous crash testing under real-world conditions, **pushing our systems beyond their rated capacities**. We test with heavier loads and simulate extreme scenarios to ensure our products **protect people and cargo** in collisions. To meet our crash testing standards, a Sortimo fitted floor is required, providing a complete safety solution for your vehicle.

Why trust Sortimo?

- **Independently certified** to meet the highest safety standards
- **Proven long-term durability** and reliability
- Advanced load securing with integrated ProSafe lashing technology
- Comprehensive crash testing **under real-world conditions**
- Complete solutions including Sortimo fitted floors **for maximum protection**

Safety begins with Sortimo flooring

When you choose Sortimo, you're choosing peace of mind. Our commitment to safety and quality ensures that you, your vehicle, and your cargo are in the best possible hands.

**"YOU'RE
CHOOSING
PEACE OF
MIND"**

8 REASONS TO CHOOSE SORTIMO

What makes Sortimo the best choice?

Sortimo is committed to providing innovative, high-quality solutions that offer real benefits to your business. Here are just a few reasons why Sortimo is the right choice for your vehicle racking and storage needs.

**“INNOVATION
IS AT THE
HEART OF
SORTIMO”**

Cost saving - Sortimo systems are designed to be a **long-term investment**. Built to last, they can be easily transferred from van to van, ensuring you get maximum value over the life of your vehicles. Invest once, benefit for years.

Time saving - with Sortimo, you can say goodbye to wasted time searching for tools, parts, or components. Our well-organised systems allow you to access everything quickly and efficiently, **reducing unproductive time** and allowing you to focus on the job at hand.

Lightweight Construction - Made from lightweight yet durable materials, Sortimo's racking systems allow you to **maximise your vehicle's payload**. Less weight from the racking means more capacity for tools, equipment, and cargo, increasing your overall efficiency.

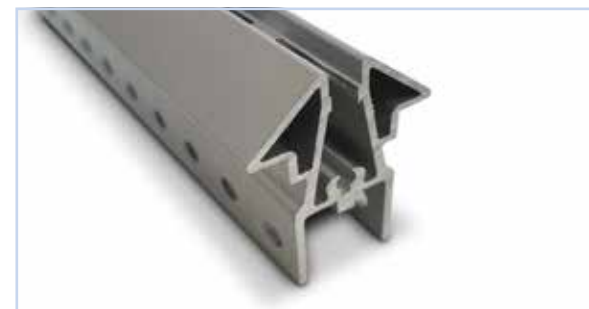

Innovative Design - Innovation is at the heart of Sortimo. For over 45 years, we've been developing forward-thinking solutions to make your work easier, safer, and more efficient - and **we're not stopping anytime soon!**

Load Safety - Safety is built into every Sortimo system. Our integrated load securing solutions are a standard feature, ensuring your cargo remains safely in place during transport. Your tools and equipment will stay secure, even on rough roads or during sharp turns.

Flexibility - Sortimo systems are fully customisable to meet your specific needs. **You are in control** - you design your racking and storage setup based on your unique workflow, ensuring everything is exactly where you need it when you need it.

Uncompromising - Sortimo products are **built to endure** the toughest environments. With rigorous testing for durability, strength, and corrosion resistance, each product is designed to deliver reliable performance for years.

Professional Image - First impressions matter. A well-organised and professional-looking vehicle is a **reflection of your business**. With Sortimo, your van becomes a calling card, projecting the right image and showing customers you mean business.

FLOORING

When it comes to equipping your vehicle with reliable and durable flooring, we offer premium solutions designed to enhance safety, functionality, and longevity. Whether you’re a professional on the go or managing a fleet, our vehicle flooring is crafted with meticulous attention to detail to meet the highest standards of quality and performance. Made from robust Scandinavian birch and engineered to withstand the toughest conditions, our flooring provides a strong foundation for any racking or storage system, while ensuring the protection of your cargo and vehicle.

What sets our flooring apart is its seamless blend of innovation and practicality.

From its moisture and impact resistance to its non-slip, hygienic surface, this flooring is built to tackle the daily challenges of a busy work environment.

We’ve considered every aspect of your needs, including ease of installation - no drilling required - ensuring that you can get back on the road quickly and efficiently with a flooring solution tailor-made for your vehicle.

“DESIGNED FOR
DURABILITY,
SAFETY, AND A
PERFECT FIT”

Premium quality flooring solutions for your vehicle

Our vehicle flooring is designed for durability, safety, and a perfect fit, providing a robust foundation for your racking.

Scandinavian Birch

Made from high-quality Scandinavian birch, known for its strength and durability, providing a solid base for your racking system.

9 mm thickness with 7-layer Bonding

Built to last, our 7-fold bonding, ensures exceptional stability and resistance to heavy loads.

Scratch & impact resistant

Designed to withstand the rigors of daily use, the flooring is extremely scratch and impact-resistant.

Hygienic, non-slip, and wear-resistant surface

The surface is not only easy to clean and maintain but also offers non-slip properties.

Moisture resistant

Our flooring is moisture-resistant, safeguarding against spills, condensation, and adverse weather conditions.

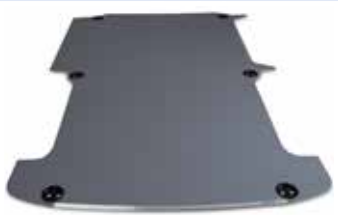

Aluminium protective edges

Aluminium protective edges on the entry sides add an extra layer of durability and protection, preventing wear and tear in high-traffic areas.

Integrated lashing points

SoboPro flooring includes integrated lashing points, providing secure options for lashing your cargo, ensuring safety on the move.

Custom-fit for your vehicle

Each floor is tailor-made to fit your vehicle perfectly, providing a seamless and professional look without the need for modifications.

No drilling required

Our flooring is designed for easy installation, requiring no drilling into the vehicle chassis, preserving the integrity of your vehicle.

CLADDING

Protect your vehicle interior with Sortimo wall cladding

Sortimo wall cladding provides the ultimate protection for the interior of your vehicle, preserving its condition and value over time. Designed for ease of installation, our wall cladding can be quickly and securely fitted using the designated attachment points provided by the vehicle manufacturer - no complex modifications required.

Comprehensive cargo space protection with practical features

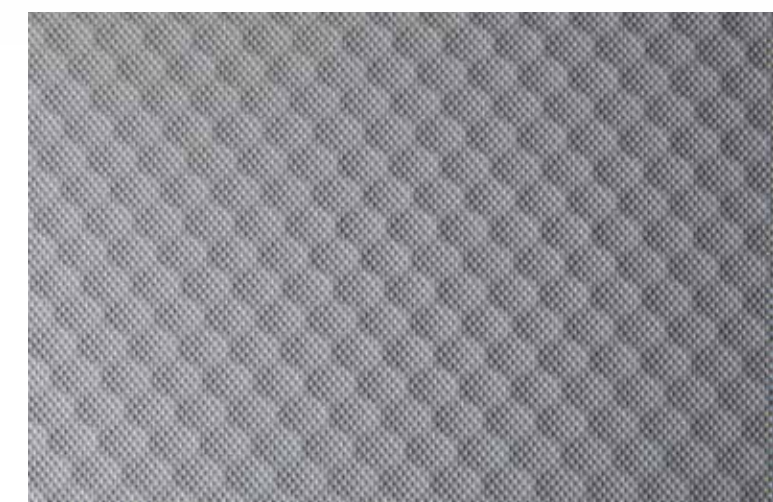

Sortimo's wall cladding not only shields your vehicle's interior from daily wear and tear but also helps maintain its resale value. Lightweight and durable, this protective solution acts as a barrier against dents, scratches, and impacts. Just like our flooring systems, each wall cladding is precisely templated to fit the exact profile of your specific vehicle, ensuring a perfect and seamless fit every time.

Superior lightweight protection

Our premium Sowaflex wall cladding is engineered from innovative honeycomb material, providing robust protection for your vehicle's cargo space while being incredibly lightweight - 60% lighter than traditional wooden cladding. This state-of-the-art material offers exceptional impact and scratch resistance, ensuring that your vehicle's body remains protected from damage caused by shifting cargo or rough handling.

Easy, hassle-free installation

Sowaflex cladding is designed with convenience in mind. It can be easily installed using the manufacturer's pre-existing mounting points, eliminating the need for complex installation procedures. Not only does this make installation quick and straightforward, but it also preserves the integrity of your vehicle.

PROSAFE

Professional load securing - Made simple!

With Sortimo's innovative ProSafe technology, securing your cargo has never been easier. Whether navigating sharp turns or sudden stops, you can trust that your load is safely secured with Sortimo's integrated system. Designed for flexibility and efficiency, ProSafe provides peace of mind, ensuring your cargo stays in place throughout your journey.

SoboPro Flooring: Secure and drill-free installation

The SoboPro load securing floor is the perfect foundation for your van's storage system. It enables quick, drill-free installation of the Sortimo SR5 van racking, thanks to integrated connection points. With strategically placed floor lashing points, you can **safely secure cargo without sacrificing valuable storage space**. ProSafe is fully compatible with existing vehicle lashing points, making it a seamless addition to your setup.

Versatile load securing options

Lashing Straps:

Secure your load quickly and easily with Sortimo lashing straps. Simple, effective, and reliable for all transport needs.

Load Safety Nets:

For added safety, Sortimo's durable load safety nets can divide the cargo space from the driver's cab, perfect for transporting more challenging items.

Telescopic Restraint Poles:

For larger, bulkier goods, telescopic restraint poles ensure your load is safely locked in place. Adjustable and easy to store, these poles offer flexibility for any vehicle setup and can be transferred between vehicles effortlessly.

ProSafe: The ultimate load securing solution

Sortimo's ProSafe system is designed with your needs in mind. Fully integrated with your vehicle's existing lashing points, it provides a professional and reliable load securing solution. Whether you're securing heavy equipment or smaller items, ProSafe ensures that your **cargo is safe, secure, and ready** for the road.

JUMBO UNIT

Jumbo-Unit: The compact XL drawer for heavy and bulky cargo

The Jumbo-Unit is the ideal solution for securely storing heavy, bulky payloads within a subfloor system, maximising space and organisation in your vehicle.

A space miracle for your van!

Combine Jumbo-Units with Sortimo floor panels to create a versatile storage system that **maximises every inch** of your loading area.

This smart design provides additional storage beneath the floor while leaving plenty of room for installing the Globelyst4 racking system. Transform even the smallest van into a **space efficient powerhouse!**

Why Choose the Jumbo-Unit?

Maximum Storage Capacity: Enjoy ample storage with this compact XL drawer solution.

Efficient Cargo Space Utilisation: Makes the most of your van's loading area.

Impressive Payload: Capable of holding up to **100kg** in a single drawer.

Built for Durability: Robust design for everyday heavy-duty handling.

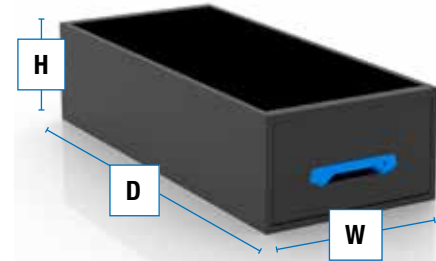

**“DOUBLE THE
STORAGE,
DOUBLE THE
EFFICIENCY!”**

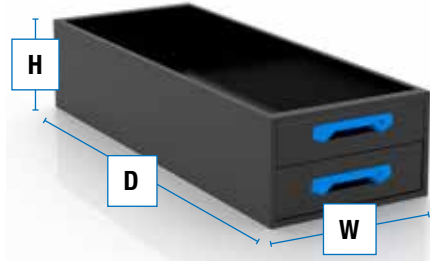

Jumbo-Unit size availability

The Jumbo-Unit comes in 5 depths, 3 widths and 2 heights; as well as a single or twin drawer option

Single drawer option

Twin drawer option

Height (H)

H15 = 255 mm
H21 = 357 mm

Depth (D)

D7 = 681.4 mm
D10 = 993.4 mm
D12 = 1201.4 mm
D14 = 1409.4 mm
D16 = 1617.4 mm

Width (W)

1.5 = 370.4 mm
2.0 = 491.4 mm
2.5 = 612.4 mm

PULL OUT PLATFORM

The Pull-Out Loading Platform is the perfect solution for easily loading and unloading heavy equipment and machinery. With this innovative design, you can operate your tools and equipment outside the vehicle without the need for heavy lifting, reducing strain and saving time.

Maximise practicality!

Designed for light commercial vehicles and 4x4s, the Pull-Out Loading Platform allows you to make full use of your vehicle's cargo space. It extends up to 2/3 of its length, offering **easy access** to the items stored on it. With a payload capacity of up to 200 kg, it can handle your heaviest equipment with ease.

Safety first with stepless braking

Unlike traditional loading platforms, which can become dangerous when on a slope, the Sortimo Pull-Out Loading Platform features a unique stepless braking function. As soon as you release the operating handle, the braking mechanism engages, preventing the platform from moving uncontrollably. This ensures the **safety of the operator** and protects both the equipment and the vehicle from damage.

Integrated and secure system

For added safety and stability, the Pull-Out Loading Platform is compatible with Sortimo's ProSafe load securing system. This feature allows you to securely lash objects onto the platform, ensuring they remain stable and safe during transport.

Integrated lashing bar and straps ensure secure cargo during transit.

Built-in brake handle locks the drawer automatically when released by the operator.

Key features of the Pull-Out Loading Platform:

- Advanced Locking System: Ensures secure positioning during use.
- 2/3 Extension: Provides easy access to your cargo.
- Integrated Load Securing: Compatible with ProSafe for added stability.
- High Payload Capacity: Supports up to 200 kg of equipment.
- Durable, Non-Slip Surface: Built for tough conditions and heavy-duty use.
- Stepless Braking Function: Automatically engages for operator safety.
- Rounded Edges: Prevents damage to equipment and vehicle interiors.

WORKMO

WorkMo is the ultimate modular solution for professionals on the move. Thanks to its flexible design, WorkMo can be assembled and customised to meet your specific needs. Whether you need a mobile workbench, a trolley, or a transport system for tools and equipment, WorkMo has you covered.

Each WorkMo module can be combined and adapted for any application, offering maximum versatility. Compatible with a wide range of Sortimo BOXXes, WorkMo allows you to **create an efficient, organised workspace** with ample storage for tools, small parts, and equipment.

The right solution for every job

WorkMo modules come in different sizes and can be ordered in any height and width combination to suit various work needs.

	Available sizes	
	Heights	
Widths	506mm	744mm
526mm	526mm x 506mm	526mm x 744mm
789mm	789mm x 506mm	789mm x 744mm
1,052mm	1,052mm x 506mm	1,052mm x 744mm

Modular System

Tailor WorkMo to your needs with any combination of Sortimo drawers and BOXXes. Its modular design **makes it easy** to adapt and expand as your workload changes.

Smart Organisation

Available in various heights and widths, WorkMo integrates seamlessly with Sortimo vsystem, including shelves, drawers, and BOXXes. Keep your tools and parts **neatly organised and easy to access** at all times.

Easy Transport, Anywhere

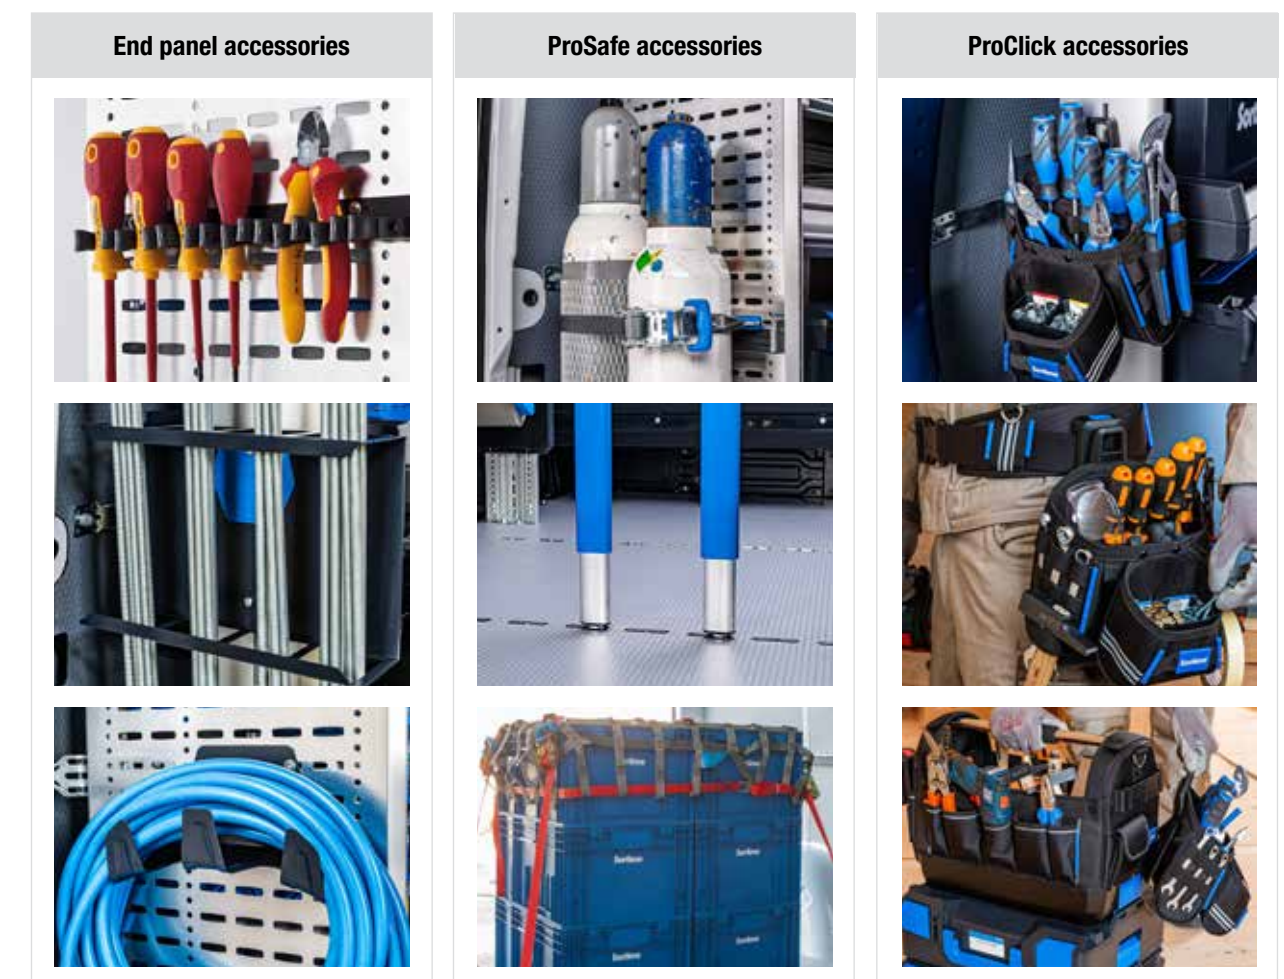

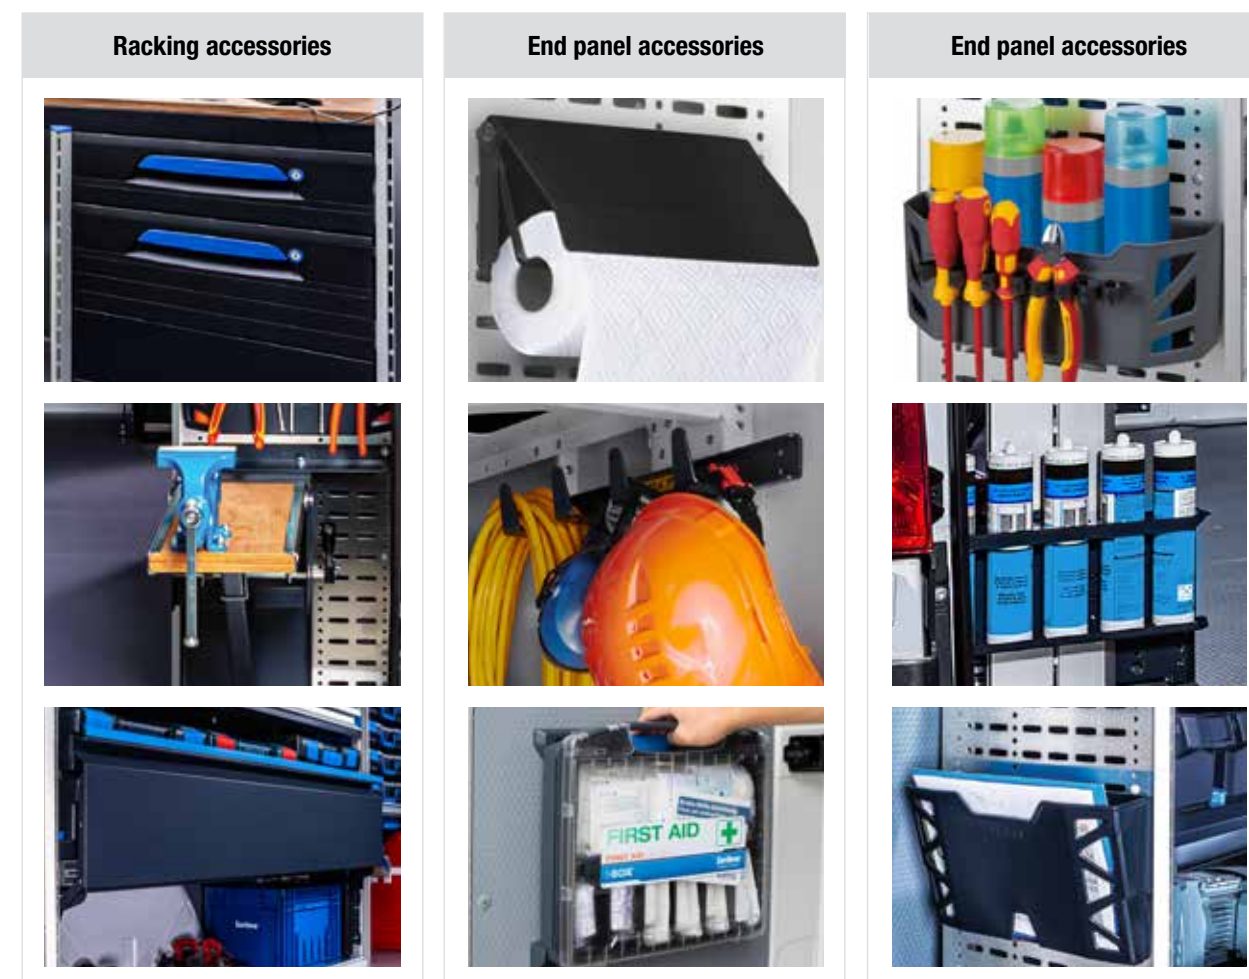

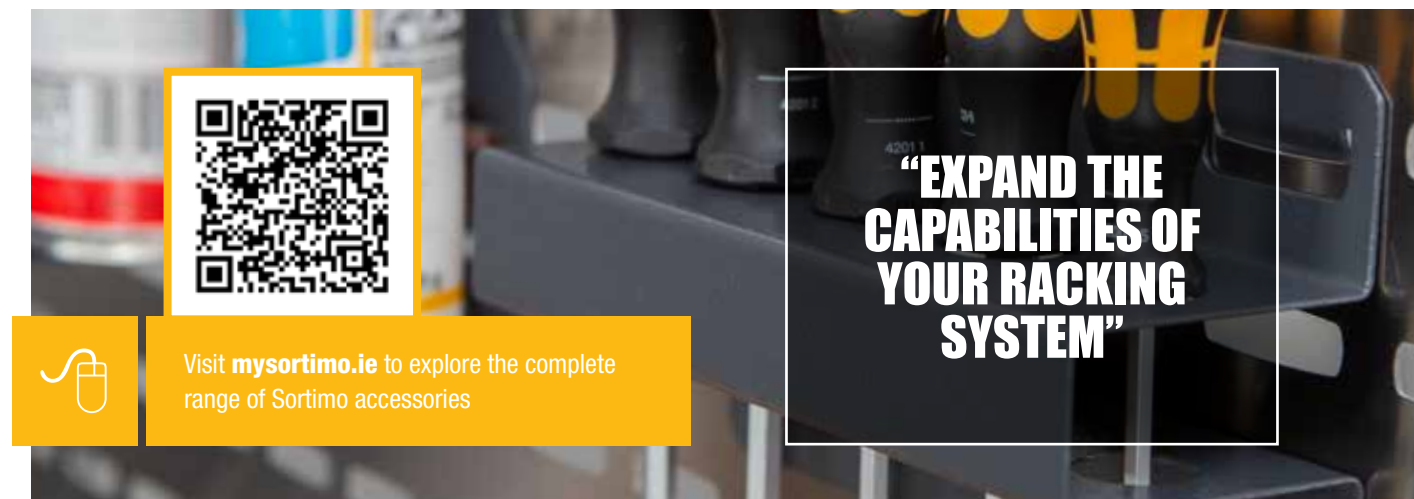

Designed with mobility in mind, WorkMo **can easily be moved** from the workshop to your vehicle, and straight to the job site. It's built for professionals who need to stay organised on the go.

ACCESSORIES

Enhance your Sortimo racking system with practical accessories

Looking to maximise the efficiency of your Sortimo van racking system? Our extensive range of original accessories is designed to complement your setup, creating a seamless, organised, and highly functional mobile workspace. Not only do these additions make your day-to-day tasks easier, but they also leave a professional impression on your clients.

BOXXES

Sortimo BOXXes are designed to streamline your workflow and improve productivity. With Sortimo's smart organisational systems, tools and small parts are neatly sorted, securely stored, and clearly arranged - whether you're moving from the workshop to the job site. Our BOXXes not only keep everything tidy and within reach but also offer versatile functionality with convenient push-in and carry options.

Explore the Sortimo BOXX range

T-BOXX
Transparent lid for **quick access** to tools and small parts.
